PROFESSIONAL SUMMARY

Frontend Developer with experience building modern, responsive web applications using React.js, Next.js, and TypeScript. Skilled in state management with Redux and RTK Query, creating type-safe component libraries with Shadcn UI, and integrating RESTful APIs. Proficient in delivering production-ready applications with optimized performance.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3
Frameworks & Libraries: React.js, Next.js, Redux, RTK Query, Tailwind CSS, Shadcn UI
Form Management: React Hook Form, Formik, Zod (Validation)
Tools & Build Systems: Git, Vite, Webpack, React Router, npm/yarn
3D & Graphics: Three.js, A-Frame
Backend & APIs: REST APIs, Node.js (Basic), MongoDB

WORK EXPERIENCE

Frontend Developer (Freelance)

Self-Employed | Baku, Azerbaijan | July 2023 - Present

- Developed and deployed production-ready web applications using Next.js, React, and TypeScript for clients across different industries
- Architected scalable frontend solutions with Redux and RTK Query for complex state management and efficient data fetching
- Built type-safe, reusable component libraries using Shadcn UI and Tailwind CSS, reducing development time by 30%
- Implemented robust form validation systems with React Hook Form and Zod, improving data integrity and user experience
- Integrated RESTful APIs and optimized application performance, achieving 90+ Lighthouse scores across all metrics
- Created immersive 3D web experiences using Three.js and A-Frame for interactive product showcases
- Collaborated with clients through all project phases from requirements gathering to deployment and maintenance

EDUCATION

Bachelor of Science in Computer Science

Baku State University | Baku, Azerbaijan | 2023 - 2027 (Expected)

Front-End Developer Course

STEP IT ACADEMY | Baku, Azerbaijan | Completed [Add Year]

LANGUAGES

Azerbaijani (Native) | Russian (Fluent) | English (Intermediate - B1)

PROJECTS

FitNest - Fitness & Wellness Platform

Technologies: Next.js, TypeScript, Tailwind CSS, Shadcn UI, React Hook Form, Redux, RTK Query, Zod

- Built comprehensive fitness and wellness web application with modern tech stack and production deployment
- Implemented complex form validations using React Hook Form and Zod schema validation for data integrity
- Utilized Redux and RTK Query for efficient state management and optimized API data fetching
- Designed reusable UI component system with Shadcn UI library ensuring consistent design language
- Optimized performance with Next.js Server-Side Rendering (SSR) and implemented responsive design for mobile experience
- GitHub: [Add URL] | Live Demo: [Add URL if available]

3D Interactive Product Showcase

Technologies: React, Three.js, A-Frame, JavaScript

- Created immersive 3D web experience with interactive models and animations
- Implemented WebGL-based graphics programming for smooth performance across devices
- Designed intuitive user controls for 3D navigation and object interaction

E-Commerce Web Application

Technologies: Next.js, React, TypeScript, Tailwind CSS, REST API

- Developed full-featured e-commerce platform with product catalog, shopping cart, and checkout flow
- Integrated payment gateway and implemented secure user authentication system
- Optimized loading times and implemented responsive mobile-first design
